29 March 2011

**Notice to Interested Parties**

As you may know, Selkirk Remote Sensing Ltd. voluntarily suspended operations in November 2010. Earlier this year, we were approached by a party interested in purchasing the company, purchasing a large format digital camera and resuming operations with our two photo ships.

We must advise you that the financing for this transaction could not be completed and that Selkirk Remote Sensing Ltd. is once again attempting to sell assets. These consist primarily of our two photo aircraft, our RC30 film cameras and two metric mid-format digital cameras.

Any suggestions that you may have that could assist us in selling these assets would be gratefully received. Commencing April 1<sup>st</sup>, you can telephone Selkirk at 604 220 9408. Our e-mail address will remain unchanged.

Yours truly,  
**Selkirk Remote Sensing Ltd.**

Parker Williams  
President
