MAGAZINE PLATEN

for

Selkirk Remote Sensing Limited
4380 Agar Drive
Richmond B.C. V7B 1A3

Author John Plummer

Approved  for Director

The vacuum back No. 9 of RC-20 drive unit No. 5075
was tested for flatness in accordance with Section 1.2.3.1
of the Specification for Air Survey Photography, on 31 January 2001.

The maximum departure from flatness was found to be
 $\pm .006$ mm.
